

RSA® Archer Exchange

Overview

Through the RSA Archer® ecosystem, you can tap into the collective knowledge of our community and certified RSA Archer experts to help you get your risk management program on the right path, right from the start. The RSA Archer Exchange is an integral part of the RSA Archer ecosystem, providing a faster and more flexible development cycle for RSA and partners to deliver value-added offerings for your RSA Archer implementation. Offered online through RSA Link, the RSA Archer Exchange provides access to prebuilt App-Packs, Integrations, and Tools & Utilities that complement and enhance out-of-the-box capabilities of RSA Archer use cases.

Offerings

RSA Archer Exchange offerings include:

- App-Packs—prebuilt applications addressing adjacent or supporting GRC processes (e.g., niche, industry, geo specific)
- Integrations—prebuilt data exchange configurations to bring data into and push data out of the RSA Archer Platform
- Tools & Utilities—prebuilt functions enabling administrators to more easily manage their RSA Archer Platform implementation

Features

- Access to expert prebuilt risk and compliance offerings including App-Packs, Integrations, and Tools & Utilities
- Access to capabilities that complement and augment your RSA Archer use cases
- Access to tools to help you address specific industry, geographic, regulatory or technical requirements

Benefits

- Enhance the breadth and depth of your RSA Archer solutions
- Adapt your risk program to keep pace with your organization's changing needs
- Leverage functionality developed by RSA Archer partners

Visit the [RSA Archer Exchange](#) on RSA Link for more information.

About RSA

RSA offers business-driven security solutions that provide organizations with a unified approach to managing digital risk that hinges on integrated visibility, automated insights and coordinated actions. RSA solutions are designed to effectively detect and respond to advanced attacks; manage user access control; and reduce business risk, fraud and cybercrime. RSA protects millions of users around the world and helps more than 90 percent of the Fortune 500 companies thrive and continuously adapt to transformational change.
