RSA CHARGE AWARDS NOMINATION FORM

At RSA Charge 2019, we honor organizations that are implementing digital risk and security solutions in innovative and unique ways. We invite you to nominate your company for one of the following RSA Charge Awards:

- **INNOVATION AWARD**

This award recognizes an organization for using RSA products in innovative ways to build applications and integrations that support process automation, collaboration and other digital initiatives.

- **IMPACT AWARD**

This award highlights an organization whose investment in digital transformation and digital risk management can be measured not only in cost savings, but also in efficiencies, headcount and other metrics.

- **COMMUNITY ADVOCATE AWARD**

This award acknowledges the efforts of an individual who evangelizes digital risk management, promotes and leverages RSA Link Community best practices, builds positive community relationships, and offers guidance and expertise.

- **EXCELLENCE AWARD**

These awards single out organizations that are setting the bar for implementing best-in-class security and digital risk transformational programs.

- Excellence award for digital risk management
- Excellence award for integrated risk management
- Excellence award for evolved SIEM & threat defense
- Excellence award for identity & access assurance
- Excellence award for omni-channel fraud prevention

Please complete the form below and email to rsa.events@rsa.com by Friday, August 23, 2019.

If you have any questions regarding your award submission, please contact your field sales and/or existing accounts manager.

NOMINATION QUESTIONS FOR RESPONSE:

1. What RSA solutions does your organization utilize?
2. What were the business challenges you were looking to solve using RSA?
3. Before implementing RSA, what were you doing/using to address this challenge(s)?
4. How did you implement RSA to solve your business challenge(s)?
5. How has your RSA implementation addressed this challenge(s) or improved your business?

6. How quickly has your target audience embraced the work you have done in RSA?

7. Does your implementation of RSA affect other areas of your business? If so, how?

8. Is there anything that makes your use of RSA unique or innovative?

9. What are the most exceptional aspects of your RSA implementation related to the work your team has done in building and tailoring solutions to meet your unique needs?

10. Are there any specific metrics you have employed to track efficiencies and time value you have realized through your RSA implementation? How has your reporting mechanism(s) expanded and improved across teams and the C-Suite?

11. *(Optional)* How do you feel your involvement in the RSA Community on RSA Link has aided you with your own deployment and/or use of RSA Archer solutions? How has your personal engagement with other Community members helped provide others with guidance for best practices?

12. *(Optional)* Please add any additional insights / information about your RSA Archer implementation (500-character limit including spaces):
