EXHIBIT C

MSSP ADDENDUM

This MSSP Addendum (the “MSSP Addendum”) is incorporated by reference into the Agreement only for Partners who have been authorized in writing by RSA as an MSSP. Unless otherwise specified herein, all capitalized terms not defined herein shall have the meanings set forth in the Agreement. This MSSP Addendum constitutes a supplement to the Agreement for MSSPs. All terms of the Agreement shall remain in full force and effect except to the extent this MSSP Addendum expressly modifies or conflicts with the terms thereof, in which case the terms in this MSSP Addendum shall take precedence.

1. ORDERING AGREEMENTS. If MSSP purchases products or services from RSA, MSSP will order from the applicable RSA entity until further notice, and such purchases are subject to and governed by an executed Service Provider Ordering Agreement with RSA or a RSA Affiliate (“Service Provider Ordering Agreement”) that permits use of RSA Products in providing a service. If no Service Provider Ordering Agreement is in place between MSSP and RSA, MSSP must execute a Service Provider Ordering Agreement in order to purchase products and services directly from RSA or Distributors, as applicable, for use by MSSP to provide services to its customers.

2. REPORTING. In order for RSA to provide the available benefits, MSSPs shall provide to RSA, a Point of Sale Report identifying the clients, locations, contract duration, and capacity utilized during the period or provide such information to RSA at the time the applicable quote is generated.
This Reseller Addendum (the “Reseller Addendum”) is incorporated by reference into the Agreement only for Partners who have been authorized in writing by RSA as a Reseller. Unless otherwise specified herein, all capitalized terms not defined herein shall have the meanings set forth in the Agreement. This Reseller Addendum constitutes a supplement to the Agreement for Resellers. All terms of the Agreement shall remain in full force and effect except to the extent this Reseller Addendum expressly modifies or conflicts with the terms thereof, in which case the terms in this Reseller Addendum shall take precedence.

1. **RESELLER STATUS.** Depending on criteria set forth in the RSA Partner Program, Reseller will be registered as part of the appropriate partner tier for one or more of the RSA Product line(s). Additional requirements regarding Reseller status may be found in the program terms. Noncompliance with any provision of the Agreement or this Addendum may result in the termination of the Agreement or Reseller’s participation as a Reseller in the RSA Partner Program. Subject to Reseller’s compliance with this Agreement and notification and authorization in writing by RSA, Reseller is authorized to purchase RSA products and services from Distributors unless otherwise agreed to in writing by RSA.

2. **DEAL REGISTRATION AND OTHER PORTAL TERMS.** In addition to the Agreement, you will comply with all terms posted to the RSA Partner Communities, including, but not limited to:
   a. RSA’s Deal Registration Official Guidelines that are posted on the partner portal
   b. RSA’s Partner Program Return Policy posted on the partner portal

3. **PRECEDENCE.** To the extent there are any conflicting provisions regarding the Program, Information, Confidential Information, incentives, rebates, pricing (each provided in connection with the RSA Partner Program) or interpretation of this Agreement, this Reseller Addendum shall prevail and control, followed by the Agreement.

4. **RESELLER REPRESENTATION.** Reseller warrants to RSA that as of the date Reseller submits the Partner Application to RSA, Reseller either has, or is in the process of establishing, an agreement with a Distributor(s) to enable Reseller to obtain RSA Products from that Distributor(s) and remarket the products as part of transactions in which Reseller adds incremental value to the RSA Products and/or services in the form of substantial hardware and/or software integration, networking, installation, systems analysis, systems development or consulting services; and/or market knowledge of the Territory. Reseller agrees that RSA may disclose the information on the Partner Application and the terms of this Agreement to Distributor(s).

5. **During the term of this Agreement, RSA:** (a) authorizes Reseller to purchase RSA Products from Distributors for the sole purpose of marketing or reselling RSA Products directly to Customers; and (b) grants Reseller a limited, non-exclusive, revocable license to receive from the Distributor and distribute to Customers the RSA Products pursuant to RSA’s shrink-wrap and/or click-wrap license (the “RSA Product License”) that is included with or incorporated therein. Please check the RSA Partner Communities or RSA website to review the current version of RSA’s standard RSA Product License, which RSA may change from time to time without notice. Reseller agrees to distribute all RSA Products to
the Customer(s) in their original unopened packaging.

6. Reseller acknowledges that: (a) each Distributor may require Reseller to enter into other agreement(s) with it; and (b) each Distributor is an independent party from RSA so such Agreement is not a sale, purchase, distribution, or other agreement with RSA. RSA will not be deemed a party to, or have any liability under, Reseller’s agreement with the Distributor.

7. Reseller further acknowledges that the prices Reseller pays for RSA Products are set by the Distributor from which Reseller purchases RSA Products. RSA may suggest resale prices to its Distributors, but Distributors are free to sell RSA Products at a lower or higher price than suggested by RSA and Reseller is free to determine its price to the Customer.

8. Reseller agrees to identify the complete name and address of each Customer either: (a) in the applicable purchase order for RSA Products issued to Reseller’s Distributor or, in the case of a download of RSA branded software, at the time the order is placed; or (b) in writing within ten (10) business days after Partner receives a request from Reseller’s Distributor or RSA or a third party engaged by RSA to collect data related to the RSA Partner Program.
